Subject: FW: 4 MTO Officers for Ottawa City deployment

Sean and Peter,
We have the green light from OPP to provide 4 more officers tomorrow (Sat Feb 12) to Ottawa Police for the purpose of supporting a CMV blitz in the city.

Please identify the 4 officers you'd like to attend and I will advise Ottawa and OPP of their commitment and I will provide details to the officers regarding the deployment.

I see they're on 8am-8pm, and that works great. Ottawa wants to use them whenever they can get into the city, ending in time for them to go off duty at 2000hrs as scheduled.

Ottawa City requesting our 4 officers to do visible CMV enforcement on main roads leading into city and around the city. They have no need for road closures or traffic management, etc. at this time – they would like visible enforcement (L2s and 3s), fly the flag and show of force on the roads as their enforcement capacities have been limited and they want to instill public confidence. Essentially a mini-blitz.

They would like stats at end of the day – i.e. # inspections, # of PONs, etc. We can have the E/S roll up for me and I'll send over to them. They can wrap up by 6pm or so and head back to Lancaster off-duty for 8pm as planned.

We have these 4 officers on the ground:

Surname	First Name	Badge	Location	Region	Cell	Call sign
[redacted]						

Peter/Sean I can brief Berube directly and he can direct their work locations, etc. Suggesting they work as groups of 2 or one large group all in a geographic area for support. Ottawa PS aware they are in the area and can send backup if needed ASAP.

*****

They are also requesting 4 more resources tomorrow which can be deployed as more of a formal blitz-format once their CMV assets are on-duty – their CVSA officers, Transport Canada, etc. all inbound tomorrow. They are aware of our 8am-8pm shift and will work within those hours. **Please confirm we can assist tomorrow as well.**
